The attention of all persons desiring to purchase hardware, farming implements or farm machinery is directed to the advertisement of Messrs. Sullivan & Bro., which appears in another column. They sell nothing but reliable and substantial machinery, and guarantee satisfaction. They deal exclusively in hardware and machinery, and it may be to your interest to see them before making your purchases.

A few days ago we were the recipients of a beautiful and artistic hat-mark from the fair hands of a lady friend. We have placed it in our best hat, and we are now ready to compare hat marks with any now in the city. We return many thanks to the donor. A newspaper man does not like anything presented to him often, but when a present is given to him he appreciates it ten-fold more than the average business man does.

Mrs. Sarah M. Bomar, of Spartanburg, died at the residence of her daughters, Mrs. George and William Bomar, in Greenville, last Saturday, 15th inst., aged 75 years. Mrs. Bomar was a native of Pendleton, and had many relatives and friends in Anderson County. She was a member of the Spartanburg Baptist Church, and was a faithful, conscientious Christian, and was an excellent and accomplished lady, and during her long life always retained respect and esteem of many devoted friends, who deeply regret her decease.

Mr. B. C. Crawford had a difficulty with one of his negro hands, named Andy Green, upon his Kromree place, in Pickens County, on last Friday afternoon, in which he was compelled in self-defense to knock the negro down. He, however, got up and pretending to be going off, when he picked up a large rock and threw it, striking Mr. Crawford on the nose, badly crushing his nose and cheek bone. After this the negro ran off and has not been arrested. Mr. Crawford is very badly hurt, but is doing as well as could be expected under the circumstances.

Memorial Day (10th of May) is approaching. Our citizens used to observe the day appropriately, but of late years it has been neglected. There are quite a number of Confederate soldiers buried in our city cemeteries. Why not revive the old custom of decorating their graves on Memorial Day? We know if the matter is brought to the attention of the ladies, the graves will be decorated. We suggest that the ladies, in conjunction with the Palmetto Riflemen, take some steps towards properly observing the day.

The Greenwood *Argus*, of last week, contained the following: "Maj. B. F. Whitner, of Anderson, passed through Greenwood last Saturday, en route for home. The Mayor was just from a series of meetings in behalf of the Savannah Valley Railroad, in Abbeville County. He reports good results at Lowndesville and other points. Build the Railroad by all means, is what we say. Major Whitner spent several hours in our office, and it gave us much pleasure to meet him. He is a typical Carolinian, genial, courteous and full of public spirit. Anderson may justly be proud of him."

We heard a good joke on a citizen of Rock Mills township last week. Two gentlemen of that township left their saw mill, some distance from home, late on Saturday evening. It had been raining all evening, and the small streams were out of their banks. The gentlemen attempted to cross one, but could not find the log, it being very dark. They pulled off their shoes, and waded across. One of them, however, after paddling about in the water for awhile, instead of reaching the opposite bank pulled out on the wrong side, he started in, and could not be convinced for some time till that he was wrong. He saw his mistake after awhile, and tried hard to make his friend believe that he knew he was wrong all the time, but his friend could not see it that way.

Mrs. T. B. Palmer, who resides in the Fork township, was attacked by a mad dog in her yard on last Friday morning and severely bitten. Our informant states that Mr. Palmer, the lady's husband, was cutting barley near the house, and first noticed the dog in the lot, where it had attacked a colt. Mr. Palmer saw at once that the dog acted very strangely, and called to his wife to get the children out of the yard into the house. Before she could do this, however, the dog came into the yard, and, seeing Mrs. Palmer, immediately attacked her, throwing her down and biting her very severely in the side, just above the hip, and lasting to the flesh considerably. Mr. Palmer ran to his wife's assistance, but he had to kill the dog himself, could make it loose its second hold upon the unfortunate lady's person. Mrs. Palmer, besides being severely bitten, received several painful bruises, and would probably have met a most horrible death but for the timely assistance of her husband. At last accounts she was doing as well as could be expected. We trust that her injuries will not prove serious.

**The New Schedule.**

The announcement of the fact that the new schedule had been changed on the Blue Ridge section of the C. & G. R. R., and that we were to have the regular passenger train, was received with a great deal of pleasure in this city on last Monday evening. According to the new schedule the up-passenger train passes here at 7.1 p. m. and the down-passenger at 11.35 a. m., stopping only one minute each way. During the dull season the freight train will only make three trips a week over the road—Tuesdays, Thursdays and Saturdays—passing here, going up, at 9.15 a. m. and down here at 4.50 p. m. Our people are delighted with the change, and are of the opinion that the railroad authorities have given us just what we needed. Now, if the authorities will arrange it so that a Western connection can be made at Seneca City, without lying over there all night, they will not only confer a great favor to the travelling public, but, we think, considerably increase the passenger travel over this end of the road, thereby increasing their income. Of course, if the A. L. Line does not put on its day train again this connection cannot be made. We have no doubt that all will be done in this regard that consistently can be done to accommodate the schedules of the two roads.

**SKINNY MEN.—**"Wells' Health Renewer" restores health and vigor, cures Dyspepsia, Impotence, Sexual Depravities, &c.

**Wells' Buggies and Phonos** on the way, of the best Western makes, which will be sold at bottom prices by C. A. Reed, Agent. Repository over Reed & Webb.

**The Southern Baptist Convention.**

The *Houston Courier* says that "round trip tickets to Waco, Texas, will be placed at sale at the Union Passenger Depot at Atlanta, May 1st to 7th inclusive, en route to Waco and New Orleans Short Line, good to return until May 31st, for \$45.45. This is the only information we have up to this writing in reference to tickets. Other routes considerably higher." This rate was anticipated by those expecting to attend the Southern Baptist Convention. Tickets from Waco to Atlanta and return were sold for thirty-one dollars during the Exposition, and it was expected that the same or a lower rate would be fixed from Atlanta to Waco and return during the season of the Convention. Quite a number of persons expect to go from this section, but we have no doubt a larger number would have gone if a better rate had been given.

Since the above was put in type, A. L. Wren, Passenger Agent of the KMcKensie route, has issued the same rates of fare as given by the New Orleans route. The McKensie route is by the way of Chattanooga, Memphis and Little Rock.

**Dots from Williamson.**

MR. EDITOR: Mr. William T. Lander, of our town, has recently received a patent for an improved Tool-Holder, for holding tools in position while grinding them. His machine will enable any one to grind his own tools as well as the most experienced workmen. Experts say that the invention will save a great saving of time and labor in the grinding of edge tools.

Rev. D. W. Hiett has been elected to the office of pastor in the Baptist church at this place. It is understood that he will accept the call.

Mr. H. I. Horton is using a walking cut on his farm four miles west of our town. He expresses himself as greatly delighted with the working of the machine, and informs us that with his cultivator and two horses he can do the work of four men and four horses.

The Methodist Sunday School will have its "Senior Day" on the first Saturday in May. The Sunday Schools of all other churches are invited to participate in the exercises of the day.

Wm. C. Hart & Jackson, Receiver of the firm of Hart & Jackson, who, not long since, made an assignment to T. B. Crynes.

Messrs. Stephens and Harris have a planing machine in operation near the river, and are busy dressing lumber for the market. They are anxious to be built here in this situation.

Capt. Kirk, of the C. C. & C. R. R., was in town a few days ago. He reports good news about the right of way along the route of the road.

NOMES.

**Honea Path.**

MR. EDITOR: Since the last correspondence from our town there has been much sickness and several deaths. Della McNeill, daughter of Mr. and Mrs. J. M. Neill, eight years old, died of Meningitis three days illness, on the 24th of April. Mary Ann, daughter of Mr. and Mrs. Bond on the 11th, and Mr. J. H. Taylor's son, three years old, died on the 16th inst. We sympathize with the bereaved parents, let me remark that all things work together for good.

The following officers have been elected to serve the Division No. 131, for the ensuing quarter: W. P. M. G. O'Farrell, W. A. J. R. Latimer; R. S. J. R. Callahan; A. R. S. Miss Saline Latimer; F. S. W. N. Know no reason why we need Chap. A. S. Dunlap; Con. J. J. Truesdell; A. G. Miss Annie Harkness; 1. S. Mrs. M. Barker; O. S. M. B. Dunlap. On Friday morning the members of the gifted educationist of Anderson City will read for the entertainment of the Division.

Messrs. J. J. Shirley and T. H. Brock contemplate a trip to Waco, Texas, to the Southern Baptist Convention.

Mr. W. N. Brock, who was five days ago for Lexington, Ky., to spend the Summer, but after staying two days returned, though convinced that there is no place like home.

Mr. T. H. Brock, who was so unfortunate as to get his gin house with several buildings burned, has received his insurance money, and gone to sawing lumber.

Miss Eugenia Perry, one of Fairfield's promising young ladies, married the family of Robt. R. Canak in this town.

Prof. H. Reed is preparing a map of the proposed county, of which Honea Path is the seat. Some objections were already, but there are objections to it that can be remedied, and in the course of time will be presented for public consideration.

Our County Jail was so crowded that County cannot be formed out of the adjoining Counties. Honea Path is a central point. It is situated between Greenville, 23 from Laurens, and 23 from Abbeville C. H. By blending those extremes together we may have a County that will rank among the first Counties of the up Country.

ANNOUNCEMENT

# EXTRAORDINARY

IMPORTANT TO LADIES

THE

## NEW YORK CASH STORE

Presents Compliments,  
And the Following

To supply a want, to comply with requests from numbers of Ladies, and on the County, to keep pace with the demands of our constantly growing business, we have opened Millinery and Dress-Making Department over our Store.

We wish to say especially and emphatically that since we have embarked upon this new enterprise, we intend to make it a success, and to this end we have spared no money and no pains to have elegant rooms suitably adapted, easy of access from the centre of our Store by a broad and comfortable stairway, competent and artistic assistance, and *above all*, a Stock of *FINE MILLINERY* that challenges comparison with any in the State.

But, in order to introduce this new feature, and to make it popular with all from the beginning, we have determined upon "*LOW PRICES*" as our motto.

Fathers, brothers, husbands, wives,  
Your daughters, sisters, relatives, all rejoice  
The beautiful hats so very cheap  
We from now on shall always keep  
You and your purse no more regret  
Than our dear ones who have been  
On a lovely Bonnet at our Store,  
Come please here, and say no more.

It is only a deserving compliment but of which we are very proud, what a lady remarked to us the other day that "Arnstein & Rose would reduce the prices on our Millinery just as they put down the prices on Dry Goods and Shoes when they first came here." We shall try, in our answer to her, not so than ever before in our Stock of Goods the largest and cheapest in the entire up-country, and we hope by strict attention to each and every body's wants, to add to our long list of customers those who have so far neglected to avail themselves of the superior inducements which we alone constantly offer.

We have selected a choice stock of Fine Dress Goods, in all the fashionable shades, which we are offering at low prices, together with full information by our head Dress-Make-Mistress, and no time to make. From an importing house we secured a large lot of French Nun's Veilings in all the delicate shades and black also, a full stock of fine Black Cashmere, which we can sell from 10c to 25c a yard less than anybody in this market. Our stock of Lace, Embroideries, Gloves and Neckwear not alone surpasses any in variety which we ever had, but is eliciting the admiration of every lady who has taken the time to look at them all. These few items are of more value than many entire stocks of Dry Goods. Though it is very early in the season, we have sold nearly half of our elegant, fancy Satin Parasols. Why? Because the selection is so grand, and each lady wants the first choice, and the prices are about one half of what they charge for the same Goods in Charleston or Atlanta.

What else have we? Well, we have the most complete line of White Goods you ever saw. Fine Lawn, fine India Linens, fine D'Accord, Mulls, fine Persian and Bishop's Lawns, Satin Striped Nainsooks, Diamond Piques, Figured Swiss Cambrics, Mulls, Blue Linens, Embroideries, and lots of other Goods at far cheaper prices than those carried on at what they are at home. We can outsell anybody on Calicoes, Bleaching, Quilts, Table Damasks, Towels, Dress Linens, Dress Gingham, Seersuckers, Cheviots, Plaids, Stripes, Pants Cloth, Tweeds, Hickeries, and all the rest of the line. Table Oilcloths, Lace Curtains, Zephyr Shawls, and lot of other Goods, not because we stayed at home and bought these Goods the best way we could from anybody who came along with samples, but because we have the entire market of New York to select from, and bought direct from Headquarters. (We can save you money.)

Fancy Goods 'till you can't rest, please. Silk Floss, Knitting Silks, Zephyrs, Ribbons, Buttons, Handkerchiefs, Veilings, Corsets, Fringes, Everlasting Trimmings, Lace Caps, Fans, Hosiery, Ruchings, Mitts, Collars, a Coat, or Pants, or White Goods, anything you know we have nearly everything wanted, and our prices are never questioned. (Always come to us.)

A good thing always bears repetition, otherwise it would not be so good word about our Clothing for Children, Boys, Youths and Men—but the stock is so complete, so nice and so cheap that we cannot refrain from urging and begging you not to buy elsewhere, but come to us. We have everything you see us. No Clothing made in the world can come up to "Hammerlough's" in make, style and fit. (It fits you and your pocket every time.)

For more top advertising our celebrated Penitentiary Shoes, the demand greater than the supply. Why? Because they beat anything ever introduced in Anderson, and we cannot get them fast enough. Just received a lot of fine, soft leather Button Shoes, hand worked button holes, for only \$2.00. Only \$4.50 for a hand made Gen's Congress Gaiters (worth \$6.50). Only \$4.00 for a hand made Gen's Low Cut Prince Albert Tie. Only \$4.25 for a hand made, hand made Gen's Low Cut Oxford Tie. Shoes that are honest, and Shoes that are cheap. Besides that we carry the largest stock of Infants' and Ladies' fine Philadelphia Shoes and Slippers. Only \$4.00 for a pair. We sell you the next pair of Shoes.)

For truth, the Cheapest place is the New York Cash Store. Convince yourself whenever you need convincing. It is an established fact with each people.

Plenty of Trunks, Carpets, Mattings, etc., received for the Spring trade.

Our Magnificent Stock of Goods is open to your kind inspection. Please call early and often.
